The BATCHELOR'*s Soliloquy.*

In Imitation of the celebrated SOLILOQUY *of* HAMLET.

TO wed, or not to wed—that's the Queſtion:
Whether 'tis better ſtill to rove at large
From Fair to Fair, amid the Wilds of Paſſion;
Or plunge at once into a Sea of Marriage,
And quench the Fires?—To marry,—take a Wife,
No more—and by a Wife to ſay we quell
Thoſe reſtleſs Ardours, all thoſe nat'ral Tumults
That Fleſh is Heir to;—'tis a Conſolation
Devoutly to be wiſh'd.——Marry,—a Wife,
A Wife, Perchance a Devil:—Ay, there's the Rub;
For 'mongſt that Angel-Sex what Dev'ls are found,
When they have ſhuffled off the Virgin-Maſk,
Muſt give us Pauſe.——There's the Reſpect
That keeps a prudent Man ſo long a Batchelor.
For who would bear the Taunts of longing Maids,
The Harlot's Impudence, the Prude's Diſdain,
The Pangs of Love deſpis'd, Coquette's Delay,
The Inſolence of Beauty, and the Spurns
Which Merit bears, when Fools become their Fav'rites,
When he himſelf might his Quietus make
With one kind Woman?—Say, what Youth could bear
To wiſh, and ſigh alone the weary Night,
Or dangle after Belles, Coquettes and Wenches,
But that the Dread of Something after Honey-Moon,
(That gaily-fleeting Period, whoſe ſweet Joys
Few Loves, alas! ſurvive) puzzles the Will,
And bids us rather linger in the Path,
The well-known, ſimple Path of ſingle Life,
Than tempt the dark perplexed Ways of Wedlock?
Thus Forethought does make Batch'lors of us all:
And hence the Face of many a willing Maid
Is ſickly'd o'er with the pale Caſt of Languiſhment,
And many a Youth of no ſmall Pitch and Moment
With this Regard, ſpends all his Days in Wh-r-ng,
And damns the Name of Huſband.

A Letter from Gibraltar, dated April 14, ſays, "The Spaniards and we are as yet upon very good Terms, taking no more Notice of one another than if it was a profound Peace; and we are deprived of little elſe, ſave the Pleaſures of riding in Spain. There are now in this Bay 18 Sail of the Line, two 50 Gun Ships, beſides Frigates. There are only 10 Sail of the Line in Cadiz, and they cannot get manned."

Yeſterday his Majeſty came from Buckingham-Houſe to St. James's for the firſt Time ſince his late Indiſpoſition.

BOSTON, *July* 29.

In the Morning of the 25th ſailed from Portſmouth, in New-Hampſhire, his Majeſty's Ship Launceſton, of 40 Guns, Captain Affleck, having a large Quantity of Money on board, ſent by ſome of the Merchants of this and the neighbouring Governments trading to Great-Britain: The three Maſt Ships, and a Number of Merchant Ships, bound to Europe, ſailed under her Convoy.

The Report publiſhed in Monday's Papers, that a Fleet of 8 Sail of the Enemy's Ships had left Newfoundland, and were ſeen ſtanding to the Weſtward, is without Foundation; nor were there any Expreſſes with ſuch Accounts: The Packet, brought at that Time, contained Duplicates of Letters from the Hon. Governor Belcher, to his Excellency our Governor.

Since our laſt ſeveral Veſſels arrived here from Newfoundland, by the Maſter of one of them we have the following Account; That he left Ferryland the firſt of July, that he was at Halifax on the 14th, and was informed by a Gentleman who left Ferryland in the Afternoon of the firſt of July, that he ſaw on the ſaid Day, four French Men of War come out of the Bay of Bulls, and ſteer, as he judged, for St. John's, that two of the Ships were of 74 Guns, one of 40 Guns, and a Frigate; and it was generally thought there were no other French Ships on the Coaſt; but that the other four French Ships which were ſuppoſed to have been ſeen off, were judged to be Engliſh Ships bound up the River St. Lawrence: It was generally ſaid the French landed 1500 Men, 1000 of which were diſembarked from the two large Ships, and the Remainder from the other two Ships, there being no Tranſport Ships in Company with them.

We have Advice from Halifax, that Captain James Brooks, Maſter of one of the Veſſels that was taken at the Bay of Bulls, which he left on the Appearance of the Enemy's Ships, has depoſed, That having got to Ferryland, on the 13th of June laſt, a Man came there, and declared to him, that he was in the Fort of St. John's when it ſurrendered to the Enemy, which was on the 27th; that he left the Fort that Day; and that the Number of the Enemy who inveſted the ſaid Fort, were ſaid to be from 12 to 1500 Men; that they marched by Land to St. John's from the Bay of Bulls, where the Ships lay; that they brought no Cannon with them againſt the ſaid Fort, and that they had not at the Time of his Departure deſtroyed any of the Houſes at St. John's, but he knew not any of the Particulars of the Capitulation.

Several Accounts agree, That the Enemy had deſtroyed the Veſſels at the Bay of Bulls, and burnt the Houſes there, a great Smoke being ſeen over that Place on the 29th of June; that they deſtroyed all the Veſſels they took, and that the Enemy declared they intended to deſtroy every Thing on that Coaſt.——That the Enemy marched acroſs the Country 25 Miles from Bay of Bulls to St. John's; after they had taken this, they gave the Inhabitants 9 Days to ſell their Effects, after that, what remained undiſpoſed of was to become the Enemy's Property.

Extract of a Letter from Halifax.

"I herewith enclоſe you a Notification which was ſent to the Inhabitants of Bay of Bulls, viz.

WE the Commander of his Moſt Chriſtian Majeſty's Fleet in the Bay of Bulls, make it known to all the Inhabitants of the ſame Place, that they may come to their Habitations without being moleſted.

"A board of his Majeſty's Ship the Robuſte the 25th of June, 1762. (Signed) LE CH. DE TURNAY."

Extract of another Letter from Halifax.

"The Antelope of 50 Guns, with her Convoy from England, are thought to be upon the Coaſt of Newfoundland at this Time; but hope they will receive ſome Advice of this ſad Affair before they get too near, and are taken by the Enemy."

Auguſt 2. Yeſterday Evening arrived here Capt. Cochran in a Brig from Newfoundland, but laſt from Halifax in ſix Days, in whom came Paſſenger the Maſter of a Veſſel who was taken at St. John's, and made his Eſcape from thence the 4th of July, ſix Days after that Place ſurrendered, who informs, that the French Force which marched from the Bay of Bulls to St. John's conſiſted of 1600 fine Troops, and that the Garriſon ſubmitted without making any Oppoſition, or any Articles of Capitulation: That the French were erecting new Fortifications at St. John's, and were determined to keep the Place: That they had alſo fitted out 14 Sail of Privateers, which were all ſailed on a Cruize before he got from thence: That they had deſtroyed the Bay of Bulls, but had done no Damage at St. John's, the Inhabitants remaining in quiet Poſſeſſion of their Houſes; but that a Guard of French Soldiers were placed at all the Stores: That the French Fleet conſiſted of but two Ships of 74 Guns, one of 44, and two Frigates, the latter of which kept conſtantly cruizing off the Harbour; and that they all came from Old France.——

Captain Cochran informs, that no Engliſh Men of War were arrived at Halifax, neither had they received Advice of any being on that Coaſt; ſo that the Fiſherman's Account, who arrived at Marblehead laſt Week, of 11 Sail being there, is without any Foundation.—The Embargo was taken off at Halifax two Days before Captain Cochran ſailed.

NEW-YORK, *Auguſt* 5.

Extract of a Letter from Madeira, dated June 18, 1762.

"By late Advices from Portugal we hear that the Spaniards had entered the Frontiers, and taken Miranda, Chaves, and Braganza; the Portugueſe have a very numerous Army, and with the Aſſiſtance of the Engliſh Troops, it is imagined, will make a noble Stand, and ſoon free their Country of the Spaniards."

By Captain Robertſon in ſix Weeks and two Days from Madeira, we have Advice, that the Ship Mary, of Philadelphia, Captain Gardiner, arrived there from Liſbon 3 Days before he ſailed, and reported that a Daniſh Ship arrived at Liſbon, giving an Account that in his Paſſage, coming thro' the Streights, and off Cadiz Bay he ſaw 50 Sail of Ships cloſely engaged, 25 of a Side, from about three in the Afternoon till Evening, when he loſt Sight of them, keeping a continual Firing, but could not diſtinguiſh who they were: That the Spaniards had taken 7 Towns on the Frontiers of Portugal; and that General Crawford in an Engagement he had with the Spaniards obtained a compleat Victory, though the Enemy were five to one. That the Queen of Hungary was dead, which the ſaid Capt. Robertſon aſſures the Public for Truth.

N. B. General Crawford had no Forces but raw Militia.

The following Account of Officers who have died or been promoted at the Havannah, during the preſent Expedition, came to Hand by one of the laſt Veſſels from thence.

PHILADELPHIA, Auguſt 12.

A Gentleman who arrived here on Monday laſt from Wilmington, in North-Carolina, ſays, that on the 3d Inſtant, off the Capes of Virginia, he was chaced by a Privateer Schooner, and went into Hampton Road, where he met with Captain Stiles, in a Bermudian Schooner, from Turks-Iſland with Salt, who had likewiſe been chaſed by the ſame Veſſel; which Veſſel, it is ſaid, has a Sloop in Company with her.

Captain Tucker, from South-Carolina, was chaced by a Schooner off the Capes of Virginia.

On Saturday laſt arrived here Captain Higgs, in 19 Days from Turks-Iſland, who, two Days after he ſailed, ſpoke with the ſecond Diviſion of Troops from New-York for the Havannah near the Bahama Straits, all well; but no Account of the firſt Diviſion.

Captain Kennedy, from Madeira, adviſes, that a very large Ship, ſuppoſed to be a Man of War of 60 Guns, was loſt on

the North Side of that Island, not known to where she belonged, but thought not to be an English Vessel.

Extract of a Letter from an Officer in the Navy, on board his Majesty's Ship Centurion, off Cape-Florida, July 21, 1762.

"I left our Army and Fleet going on very well in the Siege of the Havannah.—The Troops from New-York are much wanted.—I do not doubt but by this Time the Moore Castle is ours, as they expected it to surrender, or to take it by Storm, by the Twenty-second.——It has made a very obstinate Defence."

From the Carolina Papers we have the following Particulars relating to the Havannah, viz. That by the prudent and proper Measures taken by Admiral Pocock, and the Care of the Providence Pilots, the whole Fleet of Men of War, Transports, &c. got safe thro' the Bahama Old Straits, and arrived before the Havannah, on the 6th of June, without the Loss of a single Vessel: That 19 Ships of the Line, besides Frigates, went down with the Fleet, and were afterwards joined by two or three more: That the Troops did not exceed 10,000 Men from the marching Regiments, with 2000 Marines from the Ships: That of those 8000 were landed on the 7th, Part on the Eastern Side of the Harbour, against the Castle El Morro, under the Earl of Albemarle; the rest on the Western Side, against the Governor's Castle, under Colonel William Howe: That four or five Days after 2000 more were landed: That our Forces had Possession of all the Neck of Land to the Westward of the Entrance of the Harbour (except the Puntal, some Batteries along Shore, and the Governor's Castle, lately built upon a Hill, which commands the Town and other Forts, mounting three Tier of Cannon) and also by the River Lagida, wherefrom the Besieged were usually supplied with Water through Pipes: And that the Spaniards had a prodigious Number of Cannon mounted at the Havannah, mostly on the Forts and Batteries which face the Entrance of the Harbour; but that notwithstanding it was thought the British Troops would be in Possession of the whole Place in five or six Days from the 14th of July.——

The Spanish Declaration of War against Great-Britain, it is said, was not published at the Havannah when our Fleet and Army arrived before the Place; nor at Carthagena the 10th of June; nor at St. Augustine the First of July.——

A large Spanish Snow was carried into Jamaica the Beginning of June, said to be the richest Prize ever taken to that Island.——

LONDON, *May* 27.

YESTERDAY his Grace the Duke of Newcastle resigned his Office of First Commissioner of the Treasury. We hear that his Grace wrote a Letter on this Occasion to the Lord Mayor of London, and another to the Chairman of the East-India Company. This Nobleman has served his Sovereign and the Public with inviolable Fidelity and Integrity, through a long Series of Years; and with a Disinterestedness unparallelled, has expended near 500,000l. of his Fortune.

It is reported, that the above Nobleman, on being offered a Pension of 6000l. per Annum, made the following Declaration, truly becoming a British Spirit: "No (said he) it shall never be said, that "Honest ——, after spending 500,000 l. in "his Country's Service, at last resigned to become "a Pensioner."

May 28. They write from Madrid, that it was agreed between Spain and France, that all French Cruizers were to be permitted to enter the Ports of Spain with any English Prizes, with Liberty to dispose of them to the best Advantage, provided it is attested, that the said Merchandize was taken out of English Prizes, and producing the English Bills of Loading, and other Ship Papers.

A Camp for 50,000 Men is marked out near Petersburgh, where the Soldiers are to be taught the Russian Exercise by Prussian Officers.

The French have obtained Permission from the Court of Madrid, to import all Manner of Stuffs and other woollen Goods, such as were imported from England before the War; but to each is to be affixed a Stamp upon a Bit of Lead, to distinguish them from the English Manufactory, and to pay the usual Duties.

ALEXANDRIA, August 7.

Last Night, died in this Place, Mrs. LUCY WASHINGTON, Daughter of the late Mr. *Nathan Chapman*, and Wife of Mr. *Samuel Washington*, after a tedious and painful Illness, which she supported with great Patience and Resolution.—She departed with great Resignation; and took Leave of all her Friends with great Composure. This is the third Lady this Gentlemen has lost in about eight Years, all of great Merit, and with whom he might promise himself much Happiness, but Providence ordered their Stay to be short here; this last not a Twelvemonth. But whilst her Husband, her Friends and Acquaintance much lament and bewail her early Departure, there is every Reason to hope she has reached the Height of a blessed Immortality.

STRAYED or Stolen from the Subſcriber living at *Frederick-Town*, in *Frederick* County, on the fourth of *July* laſt, a large dark brown Horſe, with a Blaze Face, Ridge Mane, Switch Tail, is Shod before, branded on the near Buttock F H not very plain, and paces, trots, and gallops.

Whoever takes up the ſaid Horſe, and brings him to the Subſcriber, ſhall have Forty Shillings Reward. VALENTINE ADAMS.

Mr. GREEN,

IT is no new Thing to find that Intereſt blinds the Perſon affected, and even often biaſſes the Judgment. The late Advertiſement of the *Rock-Hall* Ferry, Mr. *Calliſter* thought would be a Means of Strangers and Travellers finding out the Place, tho' it did not tell them that it was ſituate on a Creek that makes in from the Mouth of *Cheſter* oppoſite to *Swan-Iſland*, on the *Kent* County ſhore, and this brought his Fears on him that he ſhould loſe a Shilling now and then by Travellers taking the Road to *Rock-Hall*, and avoiding his Ferry. This Intereſt then, I imagine, produced all that Juſtice that is done the Public in his Letter of the 14th of *July*, which you were pleaſed to publiſh, wherein he is ſo blinded as to inſinuate that the Traveller wou'd carry his Horſe over 25 Miles of Water, to ſave 4 Miles Riding, when by his own State of the Matter he wou'd ride 47 Miles from *George-Town* to *Kent-Iſland*, and but 30 to *Rock-Hall*: This muſt ſave 17 Miles, and as it is but 16 Miles from *Cheſter* to *George Town*, and he ſays 18, it muſt ſave 19 Miles at leaſt (and I am apt to believe he is a few Miles ſhort of the Truth in the 18 Miles from *Dockery*'s to *Townſide*) beſides the Croſſing Two Ferries, which cauſes Expence, Delay and Trouble. To *Rock-Hall* is a very good Road, clear of Ferries or Obſtructions, a good Stage at *Cheſter-Town*, and a good Harbour at the Place for the Boats, Water enough to go off at all Tides, and that directly from a Wharf into the Boat, when ſometimes People have been detained 2 or 3 Days together with low Tides at *Kent-Iſland*, beſides the Inconveniency of getting off and on to the Boats, which are obliged to lay far out in the Bay for want of Water to get in. I imagine the Gentleman exceeds alſo in ſuppoſing it 25 Miles by Water, becauſe we have frequently run it in Two Hours with a moderate Gale; but be it ſo, with a good Wind 'tis ſoon run, and being up and down the Bay, the Tide, when it anſwers, quickens the Paſſage much. Therefore, laying all Prejudice and Intereſt aſide, it muſt be a much more eligible, expeditious, and convenient Way, for Strangers and Travellers to paſs to and from *Annapolis* to the Northward than any other Way, *Townſide* not excepted. And I think, to uſe the Gentleman's own Words, your publiſhing this in Anſwer to his, (as you thought fit to publiſh that) will be a Teſtimony of your Candour and Ingenuity. And then let Truth itſelf, and not the bare Averment of either the Keeper of *Townſide* or *Rock-Hall* Ferry, prevail with the Travelling Stranger. I am, Sir,

Your moſt humble Servant,

ABRAHAM AIRES.

For the Cure of the GOUT *and* RHEUMATISM,
A NEW DISCOVERED MEDICINE, *called,*

ELIXIR of BARDANA.

THE *BARDANA* is a common innocent *Britiſh* Plant, its Virtues againſt the Rheumatiſm have always been known; and the Phyſicians of EDINBURGH, who have diſtinguiſhed themſelves eminently in the Improvement of Medicine, now give it conſtantly and ſucceſsfully in that Diſeaſe: The Author claims no Merit but that of extending its Uſe, aſſiſting its Efficacy, and reducing it to a Form in which it may be more conveniently taken. It is pleaſant, ſafe and effectual; and if we judge from the firſt Experience upon himſelf, and the happy Effects of its Uſe in a great Number of other Caſes in *London*, there is Ground to hope theſe Diſeaſes will no longer ſo grievouſly torture Mankind.

To prevent the Return of the Gout has been hitherto found impoſſible; and perhaps is not to be wiſhed; but to relieve thoſe who ſuffer it greatly is in our Power; to reduce the Number, and ſhorten the Continuance of the Fits; and to alleviate the Pain of them: So much will be effected by this Medicine. The Author is known, and the Afflicted may take it without Fear; for however limited his Power may be in doing good to Mankind, he would not for any Conſideration be the poſſible Cauſe of doing Harm to any.

Among the Numbers who have taken it in the Courſe of the laſt eight Years, it is to be affirmed, with perfect Truth, there is not one who has not found great Benefit.

The Author by the Uſe of it has reduced the Gout, which uſed to confine him a third Part of the Year, to a ſlight Fit of three or four Days, Spring and Fall, with perfect Health in the Intervals: And others who have perſevered in its Uſe, have found the like Advantage. Theſe are its Effects in the Gout, which are as great as a conſiderate Perſon would deſire:

In the RHEUMATISM
It is a certain and abſolute CURE, and the Diſeaſe NEVER RETURNS.

The Doſe is a Tea Spoonful in a Wine Glaſs of Water Night and Morning.

Its Operation is by inſenſible Perſpiration, and ſlightly by Urine.

BROKE out of *Queen-Anne*'s County Goal, laſt Night, the Three following Perſons, *viz.*

Abſalom Timm, and *William Timm*, who were formerly Reſidents of *Kent* County upon *Delaware*, and were there taken up, and committed to *Dover* Goal, ſome Time ago (upon Suſpicion of having ſtolen Horſes, from ſeveral Perſons Inhabitants of this County) and from thence removed here, they are well-ſet Men, about 5 Feet 9 Inches high; the one is of a ſandy Complexion, has a bad ſore Leg, and wears his Hair very ſhort; the other is of a dark, ſwarthy Complexion, has a remarkable black Beard, and Hair, which he alſo wears ſhort; their Apparel is not known, and they will probably change their Names: 'Tis ſuppoſed they will make to the Place they came from, and ſteal Horſes, and go towards *Pittſburg*, as two of their Brothers, who are ſuppoſed to be Confederates with them, ran away ſome Time ago, and went that Way.

Alſo broke out at the ſame Time, a Negro Man called *Jupiter*, belonging to *John Emory Regiſter*, of this County, who was committed for attempting to murder a free Negro Woman.

If the two *Timms* are taken and brought to the Goal of this County, the Subſcriber will give a Reward of TEN POUNDS, or Five Pounds for either; or if taken and committed to any Goal in this Province, ſo that the Subſcriber may get them again, the Perſon or Perſons taking them, and giving Notice, ſhall be handſomely Rewarded.

A Reward of Thirty Shillings will be given for taking the Negro, and giving Notice as above to

J. NICHOLSON, Sheriff.

Nottingham, on *Patuxent*, 8th *July*, 1762.

THE Subſcriber having lately received poſitive Inſtructions from Meſſieurs SHORTRIDGE, GORDON, and Company, of *Glaſgow*, his Employers, to call in all the Debts due to them in this Province, either for Dealings with Mr. *Henry Tubman* at *Benedict*, or the Subſcriber at *Nottingham*, gives this Public Notice, that all concerned may ſpeedily come in, and give ſuch Satisfaction as is in their Power. As the Subſcriber intends to *Great-Britain*, after ſtaying a reaſonable Time for the Settlement of his Affairs in this Province, he hopes that every one who hath Dealings unſettled with him, either for himſelf or his ſaid Employers, and are unable to make immediate Payment, will, for their own Sakes, come and ſettle with the Subſcriber, as it may be a Means of preventing Diſputes, that otherwiſe may hereafter riſe in ſettling theſe old Dealings with his Succeſſor, in the Management of the ſaid Gentlemens Affairs. Altho' I am ſtrongly enjoined to make a very conſiderable Remittance out of Debts by this Summer Shipping, yet I am willing to indulge ſuch of my Cuſtomers as are really unable to pay this Summer, with a little longer Time, provided they will come and ſettle their Accounts, and give Security, if required. And I flatter myſelf, that they will all prefer ſuch eaſy Terms to Suits at Law, which will certainly be the Conſequence of their ſtanding off.
